

## CIRCOVIRUS VACCINATION AND THE MANAGEMENT OF MATERNALLY-DERIVED ANTIBODIES

**LIVE WEBINAR HOSTED BY JOAQUIM SEGALÉS  
THURSDAY 23RD OCTOBER 2014 AT 19:00 CET**

Zoetis is organising the first of its kind, international Pig Webinar hosted by Joaquim Segalés, Director of the Centre de Recerca en Sanitat Animal (CRESA) and Associate Professor at the Veterinary School of the Universitat Autònoma de Barcelona.

The topic of International webinar on PCV2 has been selected by you, and the wider swine practitioner community across Europe, Middle East and Africa who participated in an online poll we distributed last month.

Looking forward to meet you!

**PLEASE REGISTER UNDER:**

**<http://www.workcast.com/register?pak=9022398389738814>**

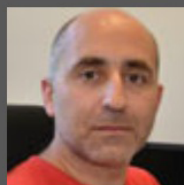

The Circovirus vaccination and the management of maternally-derived antibodies webinar is intended to be an informative, practical and interactive session giving you the opportunity to have your questions answered by Joaquim directly during this live event.

We do hope that you will take the opportunity to join Joaquim Segalés during this unique experience.

**FÜR TIERE.  
FÜR DIE GESUNDHEIT.  
FÜR SIE.**

**The webinar will be run in English.**

**JOAQUIM SEGALÉS DVM, PhD,  
Dipl. ECVP, Dipl. ECPHM**  
Director, Centre de Recerca en Sanitat Animal (CRESA) and Associate Professor, Veterinary School, Universitat Autònoma de Barcelona, Spain
